

**Fall Work Order 2022 – Please check items needed and return to office. Make sure you review the reverse side of this form for Engine and Systems Winterization options. Thank You!**

Customer Name:	Boat Name:
Address:	Boat Make:
Home or Cell Phone:	Length Overall:
E-mail:	Keys & Cabin Combo:
(Circle one): Power or Sail?	Eng. Make/Model/Year:
	Engine Type:

**Winter Storage – Please fill and return separate storage license.**

**I - What is your desired haul out date?** \_\_\_\_\_

- **Boats delivered to Steamboat for haul out will be removed from the water at first available opportunity. Timing will depend on tide, availability of equipment and personnel. Please remove canvas, sails, drain your water tanks and have the holding tank pumped out prior to haul out.**
- **Empty holding tanks.** It is the owner’s responsibility to have the holding tank pumped out prior to haul out. Hull Harbormaster pump out service will be available until MONDAY, OCTOBER 10.
  - Please be advised - if you do not make your own arrangements ahead of time and your holding tank needs to be emptied on land the charges may easily exceed \$200.

**II- Shrink Wrap – includes material and labor (check below)**

Insurance and safety concerns require that only Marina staff may wrap boats.  
 \*No tarps allowed. Custom fitted covers allowed with Marina approval\*

<input type="checkbox"/> 25’ and under \$19 per foot	<input type="checkbox"/> Moisture Absorbent Pads \$9.99
<input type="checkbox"/> 26’ to 32’ \$21 per foot	<input type="checkbox"/> Moisture Absorbent Buckets \$18.99
<input type="checkbox"/> 33’ to 39’ \$23 per foot	<input type="checkbox"/> Shrink Wrap Door
